Eliminate problem behaviors before they begin. Learn to understand your dog's personality, and how to respond with an appropriate level of correction and/or praise in an interactive and safe setting. This class focuses on the proper socialization between puppies and their human counterparts. These skills will also be incorporated with ways to handle house training, nipping, jumping, chewing, etc.

Develop a mutual respect between you and your dog. Learn to use this relationship to master basic obedience commands, such as sit, stay, down, come, heel and stand. We use soft, effective training methods, which enable the dog to trust and respect their family. We emphasize verbal praise over a food reward to ensure that your dog is willing to work any time, any where. This class also includes a discussion which covers behaviors such as; dominance, nipping, chewing, jumping, digging, etc.

**First Class: NO DOGS. Proof of vaccinations including: Distemper Series, Kennel Cough, and Rabies.**

This class will begin to develop your dog into the dog you can take anywhere. Longer down and stay commands for those picnics in the park, heeling off leash, social greetings that teach your dog proper introductions to new human and canine friends all give you and your dog more freedom without loss of control.

**First Class: Proof of vaccinations including: Distemper Series, Kennel Cough, and Rabies.**

This certification program tests canine behavior dogs in simulated everyday situations. Your dog will learn how to greet strangers politely, without jumping or barking, allow a new acquaintance to handle and groom them without distress, and to greet other canines socially and safely. We identify and reward dogs that have the training and demeanor to be community members in good standing, as well as a reliable family member. All dogs passing the CGC test receive a certificate from AKC, and are recorded in the Canine Good Citizen Archive. CGC is a valuable certification recognized by many agencies such as, dog parks, insurance companies, and rental housing.

**First Class: Proof of vaccinations including: Kennel Cough, Distemper Series, and Rabies.**
